

We reward those who advance in

# ENERGY EXCELLENCE

DECARBONIZATION  
CATEGORY

ENERGY EFFICIENCY  
CATEGORY

RENEWABLE ENERGY  
CATEGORY

An Award that aims to publicly recognize the efforts of institutions, organizations, communities and companies in OLADE member countries for their achievements in the rational use and defense of energy resources.

OLADE Award  
**Energy  
Excellence**

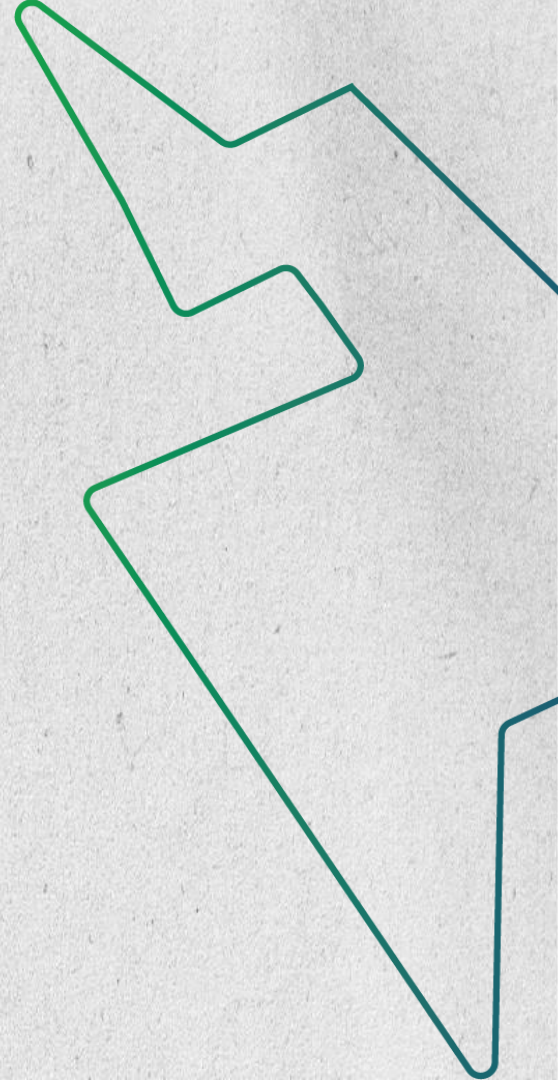

¿WHO  
CAN  
APPLY?

Large, medium and small private companies and organizations

Public projects carried out in large and small towns

# DECARBONIZATION CATEGORY

All companies, organizations and institutions that have implemented, with or without cost, decarbonization projects participate.

Some examples: installation or acquisition of new equipment, management improvements, changes in production processes, among others that impact a reduction in CO2 equivalent emissions.

These are the different subcategories:

## Subcategories

- Public entities
  - Projects that have an impact on small or medium-sized localities
  - Projects that have an impact on large localities
- Private entities
  - Small and medium
  - Large

# ENERGY EFFICIENCY CATEGORY

All companies, organizations and institutions that have implemented, with or without cost, energy efficiency projects are eligible to participate.

Some examples: installation of new high-efficiency equipment, more efficient operation of equipment, better preventive and corrective maintenance of facilities, management improvements, among others.

These are the different subcategories:

## Subcategories

- Public entities
  - Projects that have an impact on small or medium-sized localities
  - Projects that have an impact on large localities
- Private entities
  - Small and medium
  - Large

# RENEWABLE ENERGY CATEGORY

All those companies, organizations and institutions that have implemented, with or without cost, renewable energy projects are eligible to participate.

Some examples: wind energy projects, biomass, biogas and energy valuation of urban or similar waste.

These are the different subcategories:

## Subcategories

- Public entities
  - Projects that have an impact on small or medium-sized localities
  - Projects that have an impact on large localities
- Private entities
  - Small and medium
  - Large

OLADE Award
